

GOD'S BIG BACKYARD ADVENTURE AT CAMP CORNERSTONE

Join us at Camp Cornerstone for a thrilling Summer adventure in God's Big Backyard. We are offering a host of activities for Preschool (1's thru TK) and Elementary (Rising K-5) students. The camp runs for five weeks from June to July - Monday to Thursday, 9:00 am to 1:00 pm. To register, please use the scan code above. The dates for the camp are as follows:

- **June 10-13 - “All Creatures Great and Small”**

Backyard fun begins with exploring all the creatures great and small. You never can tell what we might find as we go exploring. From tiny insects to bigger animals, we will explore all of them, big and small. Along the way, we will talk about Noah and his incredible faith in building the ark and placing two of every kind of animal. It will be an adventure for sure as we center around Noah's faith that is an example for us all no matter how big or small we are.

- **June 17-20 - “Burning Fire and S'Mores”**

Summer isn't summer without a camp fire and s'mores! This week will be filled with lots of campfire fun as we talk about Moses and his encounter with the burning bush. From there, Moses went on to do everything that God had commanded Him. He was an ordinary man that God used for an extraordinary purpose. And just like Moses, God wants to us to show others what it looks like to follow Him, no matter our age.

- **June 24-27 - “Up, Up in the Sky”**

From kites, to airplanes, and other things that fly. . .to the night sky with the moon and stars, we will go on adventure to explore it all! And there is no better couple than to come along with us than Abraham and Sarah whom God told their descendants would be as many as the stars. Their faith that God's promises are true and their obedience to God, as well as the mistakes they made, are an example to us of God's faithfulness. As we go on this adventure, our focus will be on how God's promises are always true!

- **July 8-11 - “Summer Olympics”**

Backyard fun begins with games! Come along for a week full of games and fun times. There is no telling what we might do each day. It will be a surprise for sure. . . filled with lots of fun! Join us as we jump, run, yell, and scream for joy and talk about David, the little boy who killed a giant with a small stone. Just like David, we will talk about how we can do anything with God's help.

- **July 22-25 - “Splish! Splash!”**

Summer isn't summer without WATER!!!! Although each week of camp will have some water fun, this week will be FILLLED with WATER FUN! Who better to go with us on this adventure than Jonah. Unfortunately, he got swallowed by a whale. However, in the end, He did what God asked Him to do. Jonah teaches us a lot about how we can mess up but God still loves us and will help us get back on the right track!
