Cornerstone Preschool is a ministry of Grace Church of Concord, a newly formed Global Methodist Community. Social Media and Church Website Photo Permission Form

Cornerstone Preschool will use BrightWheel as its main source for communication. Important updates and information will be shared through BrightWheel. In addition, we will share pictures and short videos of your child, as well as other children in your child's class. Our goal with this app is to help parents/guardians feel as though you are a part of your child's preschool experience and thus, create a welcoming environment. We also pray that it will assist our teachers, you, and all administrators to have effective communication. Finally, the app will also allow me to focus daily on your children and the staff's needs and not spend a tremendous amount of time on the financial end of operating a preschool.

We would like to publish some pictures of your children on our church's website, as well as social media sites. The names of children would never be published, just the pictures. The goal of publishing the pictures is to spread the good news of what God is doing through Cornerstone Preschool. However, we know some parents would prefer for their child's pictures not to be published,

and we completely understand. As a result, we would like our parents to let us know what their preference may be.

Also, please know that parents should not share pictures from BrightWheel without "covering" the faces of other children that may appear in the photo. Unless you get permission from the other parent, this is a violation of that child's privacy. Again, this is to protect our children and make sure no child's picture is published in a place that another parent/guardian does not approve. Also, please keep in mind that not sharing photos, in some instances, is also a court order. Thank you for understanding these guidelines.

Are your child's pictures allowed to be shared?

- YES, my child's pictures may be shared on Grace Church's Website and on social media.
- NO, I would prefer my child's pictures not be shared on Grace Church's Website or on social media.
